

To load a StandAlone FG app:

From the program server, run CPT\CATALYST Stand Alone\cpt.exe

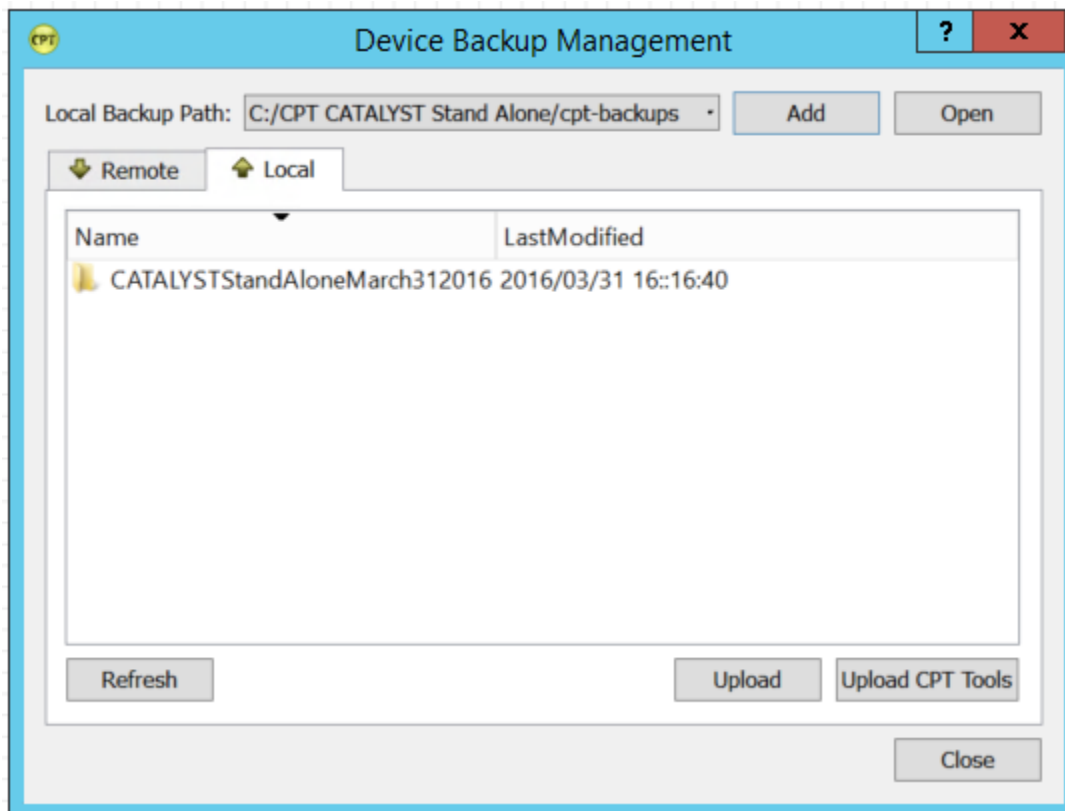

Select the StandAlone tab.

UserName is admin; Password is blank.

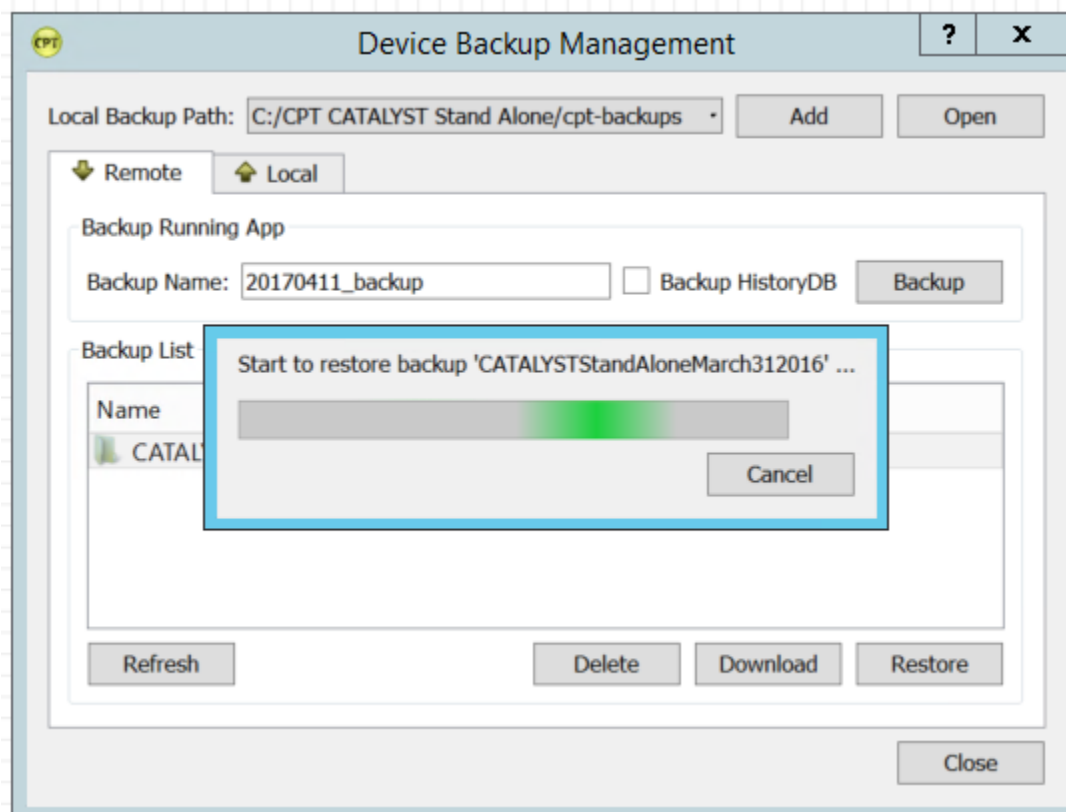

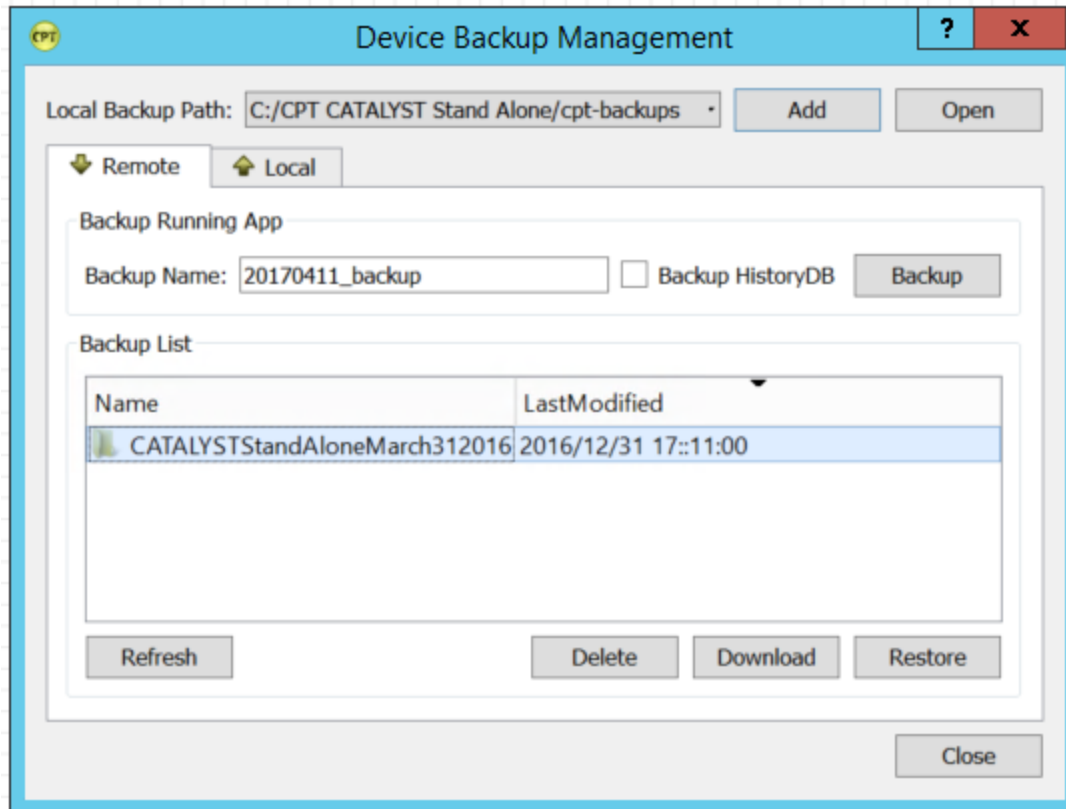

Press Backup Management button on RHS of button bar:

Select the Local tab. Press Upload to upload the app to the SD card.

Select the Remote tab. Choose Restore. Restore without the HistoryDB.

...then deploy graphics...

...then login via the web interface...

Set date and time.

Set economizer to Auto.

Save from settings page.
